
Computerized Tailored Interventions (CTI) Workgroup
Renaissance Providence Hotel, Providence, RI
August 2-3, 2007

Agenda

Meeting Purpose: To understand and address the challenges of disseminating computerized tailored interventions (CTIs) for integration into public health and clinical practice.

CTI Workgroup Objectives:

- 1. Designing CTIs for broad dissemination with emerging and future technologies**
 - a. Identify barriers and challenges to designing CTIs for broad dissemination and wide implementation
 - b. Propose solutions to address these challenges

- 2. Dissemination of existing CTIs via the RTIPs (Research Tested Intervention Programs) website on Cancer Control P.L.A.N.E.T. (Plan, Link, Act, Network with Evidence-based Tools) or other dissemination tools in the absence of existing mechanisms and available support from the CTI developer**
 - a. Assess the feasibility of adapting computerized technology and related software utilized in tested tailored interventions for dissemination via RTIPS or other dissemination tools
 - b. Provide recommendations for CTI dissemination on RTIPs or other tools (existing or to be developed) for use by public health and clinical practitioners

Day 1: Starts 8:30am - Ends 5:30pm

Objective 1: Identify barriers and challenges to designing CTIs for broad dissemination and wide implementation, and propose solutions to address them.

8:30am – 9:30am	Welcome and Introductions
9:30am – 11:00am	Setting the Stage, Workgroup Expectations, and Meeting Outcomes Discussion
11:00am – 11:15am	BREAK
11:15am – 12:30noon	Breakout Groups: Barriers and challenges
12:30 noon – 2:00pm	LUNCH (pay on your own)
2:00pm – 3:30pm	Breakout Groups: Proposed solutions & recommendations for designing future CTI interventions to facilitate dissemination and implementation
3:30pm – 3:45pm	BREAK
3:45pm – 5:00pm	Breakout Reports Workgroup Discussion
5:00pm – 5:30pm	Action planning for recommendations (Priorities, People, Products)
7:00pm	OPTIONAL GROUP DINNER (pay on your own)

Day 2: Starts 8:00am - Ends 3:00pm

Objective 2:

a. Assess the feasibility of adapting computerized technology and related software utilized in current tested tailored interventions for dissemination via the RTIPs website and/or other dissemination tools.

b. Provide recommendations for disseminating CTIs for use by public health and clinical practitioners via the RTIPs website and/or other dissemination tools.

8:00am – 8:30am	Setting the Stage
8:30am – 10:15am	Breakout Groups: Challenges in disseminating tested CTIs via RTIPs
10:15am – 10:30am	BREAK
10:30am – 11:45 am	Breakout Groups: Proposed Solutions and recommendations to disseminate tested CTIs via RTIPs or other dissemination tools
11:30am – 1:00pm	LUNCH (pay on your own)
1:00pm-2:30pm	Breakout Reports: Barriers and proposed solutions and recommendations Workgroup Discussion
2:30pm – 3:00pm	Next Steps
3:00pm	Adjourn
